Public Safety Report
June 4, 2020

Chief Sean Flynn reports that in May 2020, the RGFD responded to 196 total calls for service: 127 EMS and 69 Fire.

The "Birthday Pass-Bys" have concluded now that we have moved into Illinois’ Covid Phase III. The RGFD completed 33 children’s birthday pass-bys since the initial shut down in March. Chief Flynn and the Board would like to thank both the residents for participating and the RGPD for accompanying the RGFD on these Saturday visits.

Chief Mike Konwinski would like to inform residents that beginning 7/1/2020 village sticker enforcement resumes for vehicles without any village sticker and for vehicles with village stickers that pre-date 2019. If your vehicle falls in this category, you could get a ticket. Please purchase a current village sticker and properly display it on the lower left passenger side of your windshield. Please note the process due to COVID includes a mail-in option where the village will send your sticker back to you, so please allow lead time to get your sticker in place before 7/1/2020.

Just another reminder, the village has passed new parking ordinances that include year-round maintenance parking restrictions as well as restrictions prohibiting blocking the sidewalk with a vehicle on a driveway, blocking a driveway when parked on a street, and parking vehicles on lawns. Please familiarize yourself with the street maintenance signs posted on your block as well as other parking restrictions provided on the village website.

On Tuesday June 2, 2020, the Village of River Grove was awarded a federal grant through the Department of Justice’s Office of Community-Oriented Policing Services (COP) in the amount of $250,000.00. Through the COP’s hiring grant, the village may hire two full-time police officers. The allocated funds will be used pay a large portion of each officers’ salary for a two-year period.

One of the two new police vehicles is in use and on the street. The new squad has replaced the decommissioned squad number 630. The second new squad is expected to be in use sometime next week.

Along with the River Grove Public Works doing everything they can to ensure the safety of our residence and preventing the spread of the COVID-19 Virus, the Public Works has been replacing five damaged sewer basins in the O’Connor Drive area as well as keeping up with landscaping and watering along Grand Avenue’s flower boxes.

The Public Works Department is pleased to bring back three summer help for the 2020 season. Summer Sewell, Robbie Boyte, and Sean Mellett. What a pleasure it is to have these young adults, take pride in keeping their town clean. Its great to have them on the team.

Thank You, Brock Leder

From the Desk of Director John “Bucky” Bjorvik

The River Grove Water Department with the help of Vision Sewer are televising our Villages Sewer’s to obtain a visual on which sewers need to be repaired around town. They will be in town for the next couple weeks collecting data. A special thank you to Elliot Leder, George Odarczenko, Joey Buccieri, and Brad Berdelle of the Public Works Department for help on the repairs of the five collapsing sewer basins in the O’Connor Drive area.
There was no Finance and Economic Development Committee meeting held on Thursday, May 28, 2020.

FINANCE

General Finance Items

Comptroller Peters has informed me that staff has completed all of the necessary journal adjustments for the auditors and is awaiting their completion of the draft for staff to review.

Finance personnel Peters and Mathys participated in an FEMA webinar earlier today on the procedures that will be necessary for the Village to apply for FEMA and CARE funding/reimbursements due to the pandemic.

Staff worked last week with Hancock Engineering to prepare and complete the documentation necessary for the Village to be considered for a State “Fast-Track” grant. By the deadline last Friday, a grant request for $870,000 in funding for the Finley Avenue water main construction project was submitted to the Illinois Department of Commerce and Economic Development.

Front Office staff has been busy processing vehicle sticker applications, many of them received in the mail and the Village Hall after-hours drop box. The Village included a self-addressed envelope in this year’s sticker application mailing to assist residents in not having to come to the Village Hall during the pandemic and MANY residents have taken advantage of this. However, the Village Hall is open from 8:00 am to 4:00 pm Monday through Friday to handle regular business. REMINDER, the Village Hall still remains closed on Saturdays.

ECONOMIC DEVELOPMENT

Lastly, I would like to remind everyone that we have a zoning hearing scheduled for Tuesday, June 9, 2020. The subject of this zoning hearing is the redevelopment project for the former Quasthoff’s and public works properties.

1) We received notification from the Arbor Day Foundation that River Grove is a recipient of the 2019 Tree City USA recognition. See attached correspondence and Proclamation enacted April 24, 2020.

2) The Clerk’s Office received the Certificate of Publication from the Chicago Tribune Media Group regarding the “Invitation for Bid” notice that was published in the Elm Leaves on May 21, 2020 and that announced the June 4, 2020 bid opening for CDBG project number 1906-022 (2700 block of Budd Street and Hessing Street).

3) The Clerk’s office responded to 10 Freedom of Information Act (FOIA) requests in May, and issued approximately 1,000 vehicle stickers, 1/3 of which were to seniors. See attached spreadsheet of FOIAs and stickers processed.

4) This is a reminder to all Board members and department heads that submission of agenda items that require Resolutions or Ordinances to be drafted for the June 18, 2020 Board meeting is tomorrow, June 05, 2020, certainly not later than June 12 for emergency or unexpected items. The sooner that legal and the clerk’s office receive such items, the sooner the agenda may be prepared and a draft one circulated.

   Department heads and Trustees, please also remember to send in your board reports.

5) **The Census.** Here are the “self-response” totals as of June 03, 2020:

   National response rate: 60.5%;
   Illinois: 65.5%; and
   River Grove: 63.8%.

By now, each household has received an invitation to respond to the Census, which is a short questionnaire and may be responded to by telephone, on-line or by mail. All River Grove schools, parks and the library will greatly benefit from a complete and accurate Census count. Cook County President Toni Preckwinkle has stated that in Cook County,
approximately $1,400.00 in federal funds is attributable to each person. If anyone does not respond, River Grove will be under counted and our schools and other programs may not get the funding they deserve.

I ask that each board member, staff and employee of River Grove encourage every friend, neighbor and family member to respond on behalf of their household to the Census if they have not already done so. Please make the Census and its importance a part of your every day conversations.

Information regarding the Census:

The Census data will be used to determine the distribution of federal funds that support education, local health care, housing and employment programs.

The Census count is mandated by the Constitution, and conducted by the U.S. Census Bureau, a non-partisan organization, once every 10 years.

The census provides critical data that lawmakers, business owners, teachers, and many others use to provide daily services, products, and support for you and your community. Every year, billions of dollars in federal funding go to hospitals, fire departments, schools, roads, and other resources based on census data.

The results of the census also determine the number of seats each state will have in the U.S. House of Representatives, and they are used to draw congressional and state legislative districts.

The U.S. Census Bureau is bound by law to protect answers and keep them strictly confidential. In fact, every employee takes an oath to protect personal information that they receive for life.

Information received is NOT shared with other agencies, including law enforcement, the FBI or ICE. They will never ask for your Social Security number or any financial information.

Good paying jobs remain available to help with the Census. Applicants should have access to a vehicle, a valid driver’s license and the ability to complete the training online. For more information, please go to www.2020census.gov/jobs.

The questions are brief and simple.
- Total number of people living in your household, including any additional people who may be staying with you
- Whether you own or rent
- Name, sex, age and date of birth of all in household
- Are you of Hispanic, Latin or Spanish origin
- Your phone number

Dear Tree City USA Supporter,

On behalf of the Arbor Day Foundation, I write to congratulate River Grove on earning recognition as a 2019 Tree City USA. Residents of River Grove should be proud to live in a community that makes the planting and care of trees a priority.

River Grove is one of more than 3,600 Tree City USA communities, with a combined population of 155 million. The Tree City USA program is sponsored by the Arbor Day Foundation in partnership with the U.S. Forest Service and the National Association of State Foresters.

If ever there was a time for trees, now is that time. Communities worldwide are facing issues with air quality, water resources, personal health and well-being, and energy use. River Grove is stepping up to do its part. As a result of your commitment to effective urban forest management, you are helping to provide a solution to these challenges.

We hope you are excited to share this accomplishment. Enclosed in this packet is a press release for your convenience as you prepare to contact local media and the public.

State foresters coordinate the presentation of the Tree City USA recognition materials. We will forward information about your awards to your state forester’s office to facilitate presentation. It would be especially appropriate to make the Tree City USA award a part of your community’s Arbor Day ceremony.

Again, we celebrate your commitment to the people and trees of River Grove and thank you for helping to create a healthier planet for all of us.

Arbor Day Foundation Names River Grove Tree City USA®

Lincoln, Neb. (February 26, 2020) River Grove, Illinois, was named a 2019 Tree City USA® by the Arbor Day Foundation in honor of its commitment to effective urban forest management.

River Grove achieved Tree City USA recognition by meeting the program’s four requirements: a tree board or department, a tree care ordinance, an annual community forestry budget of at least $2 per capita and an Arbor Day observance and proclamation.

“Tree City USA communities see the impact an urban forest has in a community first hand,” said Dan Lambe, president of the Arbor Day Foundation. “The trees being planted and cared for by River Grove are ensuring that generations to come will enjoy to a better quality of life. Additionally, participation in this program brings residents together and creates a sense of civic pride, whether it’s through volunteer engagement or public education.”

If ever there was a time for trees, now is that time. Communities worldwide are facing issues with air quality, water resources, personal health and well-being, energy use, and protection from extreme heat and flooding. The Arbor Day Foundation recently launched the Time for Trees initiative to address these issues, with unprecedented goals of planting 100 million trees in forests and communities and inspiring 5 million tree planters by 2022. With Tree City USA recognition, River Grove has demonstrated a commitment to effective urban forest management and doing its part to help address these challenges for River Grove residents now and in the future.
