DEPARTMENT OF POLICE VILLAGE OF RIVER GROVE

2621 Thatcher Ave • River Grove, IL 60171
708-453-2121 Fax 708-453-9593

Dear Resident,

This message provides an overview and explanation of the new village parking signs that were installed, village wide, several weeks ago.

Our new street signs are 3 signs in 1:

- The top of the sign informs people of the fact that there is Resident Parking Only from 2 AM through 6 AM. This is village-wide. A resident's vehicle must display a properly affixed village sticker to legally park on the street between 2 AM and 6 AM.
- The middle section of the sign indicates the specific day that your street is scheduled for maintenance. This schedule is year-round, and vehicles should not be parked on the side of the street designated on the sign for that day.
- The bottom portion of the sign, highlighted in blue, details parking restrictions when snow is on the ground. This portion of the sign is in effect DURING A SNOWFALL and WITHIN 48 HOURS OF A SNOWFALL. During and immediately after a snowfall, vehicles must be moved off the side of the street indicated on the sign. For example, if it snows on Wednesday and your sign shows NO PARKING AFTER A SNOWFALL on Monday, Wednesday and Friday, you must move your vehicle for snow removal operations on Wednesday. The same applies to the other days listed on the sign. Parking bans are in effect from Monday through Saturday between 8 AM and 2 PM. If it snows on Saturday evening or on Sunday, there is no need to move vehicles. However, vehicles are required to move off the street on Monday morning because it is within 48 hours of a snowfall.

To clarify the signs:

- The Top Portion – Resident Parking Only from 2 AM to 6 AM
- The Middle Portion – Street maintenance scheduled on your specific day, year-round.
- The Bottom Portion (highlighted in blue) – Snow removal restrictions during and within 48 hours after a snowfall. This applies regardless of snow amount, Monday through Saturday. If you are parked, on the street, on a day indicated on the sign during or within 48 hours after a snowfall, your vehicle must be moved off of the street.

Thank you for your help in maintaining clear streets for everyone. To ensure compliance, citations may be issued when these guidelines are not observed. We appreciate your cooperation in understanding and adhering to these signs.
